VISHAL DESHMUKH

Full Stack Developer | Python Developer

Sangli, Maharashtra | +91 9552773055 | vishaldeshmukh9552@gmail.com | linkedin.com/in/vishal-deshmukh-9552v | github.com/Vishal3399 | vishal3399.github.io/V-portfolio

SUMMARY

BCA graduate (CGPA 7.8) with hands-on experience developing web applications using Python, Django, PHP, MySQL, HTML, CSS, and JavaScript. Built and deployed full-stack projects involving booking systems, cybersecurity awareness, and web applications. Currently completing Java and Python Full Stack Development training through KodNest. Seeking a Python Developer, Django Developer, or Web Development internship.

TECHNICAL SKILLS

- Programming Languages**:** Python, Java, JavaScript
- Frontend**:** HTML, CSS, JavaScript, Bootstrap, Responsive Web Design
- Backend**:** Django, PHP, MySQL, RESTful concepts, XAMPP (local server environment)
- Concepts & Tools**:** REST APIs, CRUD, OOP, Authentication, MVC/MVT, Git
- Deployment & Hosting**:** PythonAnywhere, GitHub Pages, InfinityFree

PROJECTS

FoodFusion — Food Delivery Web Application | https://vishal9933.pythonanywhere.com/

Technologies: Python, Django, SQLite, HTML, CSS, JavaScript

- Built a Django-based food delivery platform with restaurant, menu, customer, and cart management functionality
- Implemented Django models, views, URL routing, templates, and ORM-based database operations for managing application data
- Developed functionality for browsing restaurants and menu items and adding items to the customer cart
- Deployed the application using PythonAnywhere

Tours & Travel Management System | *tours3-travel.lovestoblog.com*

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Built a full-stack booking platform managing tour packages, customer bookings, and package listings with PHP/MySQL database connectivity
- Designed booking forms with server-side validation, managing 23+ tour packages and customer bookings
- Implemented a navigation and UI structure focused on reducing steps needed to complete a booking

CyberSentinel — Cybersecurity Awareness Platform | *demo123.synergize.co*

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Built an informational security platform covering phishing, malware, and password-security best practices, backed by a MySQL content store
- Designed an interactive, topic-based navigation structure to improve content discoverability and engagement

Personal Portfolio Website | https://demoportfolio.nichesite.org/?i=1

Technologies: Python, Django, HTML, CSS, JavaScript, Bootstrap, SQLite

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, certifications etc
- Built the backend using Django to handle contact form submission and manage portfolio data
- Implemented a responsive user interface using HTML, CSS, JavaScript, and Bootstrap for desktop, tablet, and mobile

CERTIFICATIONS

- Java & Python Full Stack Development (In Progress) — KodNest, 2026
- Python Essentials 1 — Cisco Networking Academy, June 2026
- Figma Course — Udemy, March 2026
- Front-End Development — PM-USHA Skill Development Program, 2025

ACHIEVEMENTS

- Developed and deployed multiple full-stack web development projects using PHP, MySQL, and JavaScript
- Currently pursuing Java and Python Full Stack Development training through KodNest
- Completed Front-End Development training under the PM-USHA Skill Development Program

EDUCATION

Bachelor of Computer Application (BCA) — Shivaji University, Kolhapur — May 2026 | CGPA: 7.8

12th Board — YC College, Ishwarpur, Maharashtra — June 2023 | 60.00%

10th Board — VVM School, Kadegaon, Maharashtra — June 2021 | 86.00%

LANGUAGES & INTERESTS

- **Languages:** English, Hindi, Marathi
- **Interests:** Traveling, Gaming, Coding / building personal projects, Exploring new technologies, Reading Tech Blogs
